

## Structures & Architecture . 21-23 July 2010 . Guimarães - Portugal

### Calls for Abstracts, Associated Events, Mini-Symposia and Special Sessions

The 1st International Conference on Structures & Architecture – ICSA2010 – provides a unique forum to disseminate the knowledge of the most advanced technologies, promoting the comprehension of complex architectural and structural applications and exploring the historical and ontological aspects of the relationship between architecture and structural engineering.

The **1st International Conference on Structures & Architecture (ICSA2010)** will be held in Guimarães, Portugal, July 21-23, 2010 (Wednesday through Friday).

The aim of ICSA2010 is to present research and developments on the merging of architecture and structural engineering. It intends to disseminate the knowledge of the most advanced technologies, promoting the comprehension of complex architectural and structural applications.

The conference is intended for an audience of researchers and practitioners world-wide with a background in architecture and in structural engineering. It includes architects, structural and construction engineers, builders and building consultants, construction industry persons, academics, researchers, students, product manufacturers, material suppliers, project managers and contract administrators, asset managers, government authorities of infrastructure development and others.

**Call for Abstracts** – Prospective authors are invited to submit one page abstract, of no more than 500 words, before 31 May 2009, in electronic form via the conference website [www.icsa2010.com](http://www.icsa2010.com). Authors will be notified regarding the acceptance of their abstracts no later than 15 September, 2009. Papers are due on 15 December, 2009. Acceptance will be notified before 15 February, 2010.

**Call for Associated Events** – The conference accepts proposals for other activities, including awards, exhibitions, poster sessions, short courses, workshops, debates and panel discussions. The proposed activities should be directly relevant to practitioners, researchers and educators in the area of “structures and architecture”. Participants interested in organizing an event associated with ICSA2010 are requested to submit a proposal to the conference secretariat by 30 June, 2009.

**Call for Mini-Symposia and Special Sessions** – Participants interested in organizing a mini-symposium or a special session as part of ICSA2010 are requested to submit a proposal to the conference secretariat by 30 April, 2009.
